Dear Mr. Bailey,

The Bowie School Reunion Group wants to thank you, very much, for the generous donation of \$500.00.

The alumni who attended the most recent school reunion on June 14, 2008, were appreciative and interested in the information you presented during the assembly.

We are looking forward to working with you while you build and operate the Bowie Power Station. We agree that this will be the most important investment in the community in several decades and will contribute to the resurrection of the town.

Thank you, again.

Sincerely,
